Doctor laboratory assistant: **Khalilov S.**

Laboratory results are not a diagnosis and require medical advice.

The test results (determination for the presence of the COVID 19 virus) obtained through the interlab.uz website are an official document, according to a public offer between Intermed Innovation JV LLC and the patient.

Changing or falsifying the results of a PCR test for COVID19 entails administrative responsibility under Articles 53 and 54 of the Code of Administrative Responsibility of the Republic of Uzbekistan
